Use of MCAST Library and Learning Resource Centres (LLRCs)

Full use of any of the MCAST Library and Learning Resource Centres (borrowing of items and use of PCs) is presently restricted to all MCAST registered students (full or part-time) and MCAST employees (academic or otherwise, full or part-time).

Interested Library users need to first fill in this registration form and personally deliver it to any of our MCAST LLRCs (check out all our locations at http://www.mcast.edu.mt/171 with some form of valid personal Identification (National ID card/Passport; or in the case of full-time students, the official MCAST student card is the only valid document). Normally within two days of handing in the registration form, the data given is checked and you can start borrowing Library items and using our facilities. Use of PCs in Paola further requires the use of a username and password which are issued by the IT office and made available by the Institute Officers of the respective Institutes.

We hope that you will find using our library services/facilities an enjoyable and rewarding experience.

Laurence Zerafa
MCAST Librarian
