This may have a negative impact on his/her performance.*

5.2.5 *When a Student is alleged to have committed a breach of academic conduct, a report shall be made in writing to the Institute Director. A summons (refer to Form referenced below) is then issued to the Student to appear in front of the Institute / Corporate Student Disciplinary Board (IDB).*

5.4.1 Some grievances may result from misunderstandings, while some others are genuine cases of unfair treatment or misconduct.

Before a Student resorts to a formal grievance, he/she is encouraged to first seek to resolve the matter informally. In many cases, a fair dialogue between parties involved may lead to an amicable solution, without the need to go any further in settling issues.

MCAST acknowledges the fact that a Student may wish to resolve his/her grievance informally, thus achieving a fair solution without the need of going for the formal procedure. In case a Student feels dissatisfied with the outcome of the informal handling of the grievance procedure, then s/he is free to make use of the formal procedure as regulated below.

All grievances shall be dealt with in the strictest confidence, and they should be reported to the Institute Director who will then act and refer the case accordingly.

- 10.4.1 *Student's submitted work shall be authentic, genuine, not false or copied, wholly or in part. An authenticity declaration shall be completed and signed by the Student on the coursework Front Sheet or on Form as instructed by Lecturer.*
- 10.4.2 *Plagiarism is defined in the Assessment Regulations (refer to Document below) as the deliberate and substantial unacknowledged incorporation in Students' work of material derived from the work (published or unpublished) of others or previous own work. It is considered by MCAST to be a very serious offence and can result in sanctions. In this regard Students are advised to be familiar with the relevant plagiarism document referred to below.*
- 10.4.3 *Other work which the candidate himself/herself has produced for past study units shall not be included in their submission of a new coursework unless adequately referenced.*
- 10.4.4 *A candidate shall indicate by means of explicit references when citing work whether own or others. Work produced by the same candidate for a different study unit shall be distinct from any previous work submitted for assessment in another unit.*
- 10.4.5 *Plagiarism may preclude Students from assessment and also carry further sanctions as envisaged in the College's policy regarding the subject.*
- 10.4.6 All assignments are to be submitted online via Turnitin except in cases where the Lecturer explicitly informs otherwise due to the graphical or physical content of the assignment. The Turnitin submission is to be considered as the official assignment submission, with an identical hard-copy to be forwarded for official purposes.

10.5 Submission of Individual Home-Based Coursework (excluding the Dissertation or Research Project)

- 10.5.1 *Once set, coursework deadlines can only be changed in exceptional circumstances and then only by the authority of the Institute Director.*
- 10.5.1 *Students are advised to fully understand the implications when deadlines for the presentation of work are not respected.*
- 10.5.3 *As a general rule, all home-based assessment material shall be electronically (where applicable via Turnitin) and physically handed in by 2pm on the due date unless otherwise stipulated by the Institute. Students are advised to inform themselves on the official drop-off points at the Institutes for the physical copy of the coursework.*
- 10.5.4 *The physical copy of the Coursework is to be handed in together with the 'Coursework Front Sheet / Feedback Form'. Coursework which is handed in without this form shall not normally be accepted and/or assessed.*
- 10.5.5 *Students who are unable to present the physical copy of the home-based coursework on the submission date due to a valid reason will be expected to:*
- 1) *Inform the Institute administration by phone on the morning of the submission date and;*
 - 2) *Submit the assignment together with the relevant evidence (such as Medical Certificates if any) immediately upon their return to the institute.*

Document Title	UNIVERSITY COLLEGE PROGRAMME REGULATIONS			Page 16 of 39
Document Number	005	Document Revision	B	Date Issued 14/10/16

- 10.5.6 *In cases of prolonged illness or similar extenuating circumstance, or in cases where Students are aware in advance that they will miss the deadline for a valid reason, they are to inform the Institute Director prior to the submission date and request an extension (refer to section 10.9 'Request for Consideration of Extenuating Circumstances for Extension of the Submission Deadline of Home Based Assignment').*
- 10.5.7 *Late work shall not be accepted and shall not be assessed. In such cases, Students would have forfeited the respective marks and the assessor's feedback.*

10.6 Successful Completion of Coursework

- 10.6.1 *For each coursework assigned to the Student, the assessor shall provide feedback on the Student's performance as well as the total marks achieved in the coursework.*
- 10.6.2 *The total mark for each unit is calculated by summing up all the marks obtained in (all) the respective assessments set for each unit.*
- 10.6.3 *At the end of each Unit of study, Students will be awarded a grade which reflects the total mark obtained in accordance to the table provided below:*

% Mark	Award Grades
90 - 100	A*
80 - 89	A
70 - 79	B
60 - 69	C
50 - 59	D
< 50	Unclassified (U)

- 10.6.4 *If a Student fails to submit one of the assessments set, s/he may attempt the remaining assessments (for the respective Unit). However, the maximum mark that may be achieved for the respective Unit is 59 % (Grade D).*

10.7 Unsuccessful Completion of Coursework (Synoptic Assessment)

- 10.7.1 *Following the submission of all the unit coursework and its subsequent assessment, Students are assigned marks for each task. In cases when the overall minimum of 50 % is not achieved, the Student is considered to have failed the Unit but shall however be eligible to sit / attempt a synoptic assessment of that failed unit on one occasion only.*

Document Title	UNIVERSITY COLLEGE PROGRAMME REGULATIONS			Page 17 of 39	
Document Number	005	Document Revision	B	Date Issued	14/10/16

10.7.2 *The Student will be notified that she/he is eligible to sit for the synoptic assessment of that particular unit. Students who opt to formally appeal the result of an assessment will not have the result of that assessment changed until successful hearing of the appeal. For this reason the Student concerned is to continue with all ongoing activities (such as synoptic sits) under the assumption that his/her assessment result may not change. If in the event of a successful appeal the initial assessment result has been amended, the Student may seek to declare the subsequent synoptic results null and void and retain the earlier result. This may happen if an appeal takes place at a later date than the synoptic assessment.*

10.7.3 *The following sub regulations exist for the synoptic assessment: The synoptic assessment:*

- a) is normally held during the same academic period, but not later than the September following that period;*
- b) covers a cross-section of the unit from all the Learning Outcomes for the respective unit in question;*
- c) may also include practical tasks;*
- d) can be held as a time constrained assessment or through other assessment tools.*

The maximum mark that may be obtained in any synoptic assessment is 59% (Grade D).

If a Student does not achieve at least 50% in the synoptic assessment of the failed unit(s), the Student is considered to have failed the programme of study.

10.7.4 *Students who fail a unit or a number of units after the synoptic assessment may be considered by the Board of Studies to repeat the outstanding units, with attendance, with the following cohort, assuming space on the course permitting and subject to same unit being delivered in the following cohort. In this case, the Student is still eligible for a synoptic assessment under the same conditions as above (with the new cohort).*

10.7.5 *The Board of Studies cannot guarantee that any of the units delivered during any one cohort period will feature again in the following cohort's programme or any subsequent programmes.*

10.7.6 *If a Student fails one or a limited number of units and the programme of study is no longer in existence, the University College may consider mapping the Students' successful units onto a similar programme of study, and allowing the Student to follow the unmapped units of this new programme in order to complete his/her studies. The Student, if successful would then graduate under the new programme of study.*

10.8 Assessment of Group Work

10.8.1 *One or more of the learning outcomes of a Unit may be assessed through group work through assessment criteria. This shall be clearly stated in the Unit coursework front page.*

10.8.2 *If managed correctly, group coursework can help Students develop competencies in:*

- a) Collaboration / teamwork*
- b) Communication / listening*
- c) Conflict management*
- d) Leadership / project management*
- e) Articulating and defending a position*
- f) Negotiating ability*
- g) Problem-solving*

Document Title	UNIVERSITY COLLEGE PROGRAMME REGULATIONS			Page 18 of 39	
Document Number	005	Document Revision	B	Date Issued	14/10/16

10.8.3 *Students need to be aware that group coursework presents a number of challenges, namely:*

- a) Logistical challenges*
- b) Time coordination*
- c) Lack of time to form strong group bonds*
- d) Personality conflicts among group members*
- e) Students who are happy to leave the work to others*
- f) Students who want to take over the project themselves.*

10.8.4 *The way group coursework is structured shall make it possible for Lecturers to identify each individual's contribution in the work submitted for assessment.*

10.8.5 *A clear declaration stating the Students own claims to their contributions shall accompany the final work submitted. This shall be countersigned by all the co-authors to indicate that they are all in agreement with each candidate's claim. The assessor/s may still wish to verify claims through a viva voce and/or any supporting evidence.*

10.8.6 *If any form of credit will additionally be allocated for process (such as how well the team collaborated) this shall be stated in the coursework front page.*

10.8.7 *The instructions to the Students shall clearly explain:*

- a) How groups will be formed, e.g., self-selecting or pre-assigned;*
- b) The strategies that will be applied if Students drop out of groups (i.e. withdraw from the Unit);*
- c) The minimum / maximum size of the group if groups are to be self-selecting;*
- d) What groups should do if a member is not contributing;*
- e) How groups will be managed, namely whether this will be Student led or if a group will be assigned a tutor in which case the tutor must be clearly identified.*

10.8.8 *Irrespective of the nature of the work expected, individual contributions will be assessed separately and can be awarded different grades. Students will be held individually accountable for their contribution to the project.*

10.8.9 *Feedback (formative and summative) shall be made available to all group members.*

10.8.10 *For the purposes of transparency in assessment, when a Student/s in the group fail to obtain a pass mark for their own contribution, they shall be given a resit opportunity in line with existing regulations regarding resits. This shall be discussed openly in the presence of all team members and the additional work expected unequivocally agreed upon.*

10.9 Request for Consideration of Extenuating Circumstances for Extension of the Submission Deadline of Home Based Assignment

10.9.1 *Coursework submitted after the closing date shall not be assessed (no marks shall be allocated).*

10.9.2 *Students may request an extension in advance of the original coursework submission date only if the circumstances are deemed to be genuine and extenuating. In such a case, Students are required to fill in the Form referred to below requesting consideration of such circumstances.*

10.9.3 *The filled-in Form (refer to Document 104) is to be submitted for consideration to the Senior Administrative Officer at least three (3) College days prior to the submission date deadline.*

Document Title	UNIVERSITY COLLEGE PROGRAMME REGULATIONS			Page 19 of 39
Document Number	005	Document Revision	B	Date Issued 14/10/16

- 10.9.4 *It is the responsibility of the Student to provide the necessary evidence to support such claims.*
- 10.9.5 *An extension shall only be granted if a Student can provide credible evidence of an extenuating circumstance which is considered as valid by the Institute Director. An extenuating circumstance shall consist of the recording of one or more college-recognized, personal difficulties, which is/are supported by acceptable evidence. Refer to College Board Procedures Document referenced to below.*
- 10.9.6 *Exclusions for consideration as extenuating circumstances are listed in the College Board Procedures referenced to below.*
- 10.9.7 *The original Form is to be attached to the coursework when it is submitted. A copy of the coursework Extension Application Form will be kept by the Senior Administrative Officer in the Students personal file.*
- 10.9.8 *If a request for consideration of extenuating circumstance is made after the submission date, the request shall only be considered if the Student is able to prove that he/she was unable or, for valid reasons, unwilling, to disclose such information before.*
- 10.9.9 *If an extension is agreed, the Student shall be allowed an extension of the deadline for submission by not more than three (3) weeks. If this is not sufficient because of the circumstances, the Student shall be allowed to submit the coursework at the first practicable opportunity but not later than the end of the current academic year.*
- 10.9.10 *The coursework will be assessed and marked without any sanctions / penalties.*
- 10.9.11 *When the reason brought forward is not considered sufficient to justify the request for extension of the submission date (and the assessment is not subsequently submitted by the submission date), the Student shall be deemed to have failed the assessment and shall receive a mark of 0.*

- 10.10.2 *Students who due to extenuating circumstances (including illness) absent themselves from a Time Constrained Assignment (TCA) / Examination are required to fill-in the Form referred to below.*
- 10.10.3 *In the case of illness, the Student :*
- a) needs to request his/her Medical Practitioner to elaborate in the Form referenced to below the reason why s/he is not fit to attend the examination. The filled-in Form is also to include the name, stamp and medical registration number of the Medical Practitioner;*
 - b) submit the NI Certificate (blue Form).*

Document Number	005	Document Revision	B	Date Issued	14/10/16

- 10.10.4 *If the relevant DDPM (in collaboration with the Institute Director) considers the extenuating circumstances brought forward by the Student to be valid, the Student will be allowed to take the missed examination/s at a rescheduled date in which case the TCA will then be marked without penalties / sanctions.*
- 10.10.5 *If however the DDPM in collaboration with the Institute Director considers the extenuating circumstances brought forward by the Student not to be valid, the Student shall be deemed to have failed the TCA and shall receive a mark of 0.*
- 10.10.6 *It is the Student's responsibility to ensure that the Form together with the supporting evidence are submitted for approval by the Institute Director on the first day of College attendance following the missed TCA. In the case of prolonged illness, such documentation can be submitted by proxy or via post or email.*
- 10.10.7 *If a Student is absent for a particular TCA (or synoptic TCA) on the basis of justified medical reasons or valid extenuating circumstances s/he will be given a second opportunity which is to be considered as the final opportunity to sit for the particular TCA (or synoptic TCA).*
- 10.10.8 *If a Student attends and then leaves the examination hall due to sickness, the Student will only be allowed to re-attempt the TCA if eligible and subject to approval by the Institute Director.*

10.11 Assessment Feedback

- 10.11.1 *Individual feedback by the Lecturer is given to Students on the institute's official "coursework Front Sheet / Feedback Form".*
- 10.11.2 *The Lecturer's feedback shall state what has been achieved or not achieved and possible areas for development and/or improvement.*
- 10.11.3 *Assessed work shall normally be returned to the Students following the completion of the study unit/s. Irrespective of when assessed work is returned to the Students to keep, feedback shall be given during an individual or group/class session.*

- 10.12.1 *Within five college days of being notified of the result of an assessment, a Student who wishes to contest the decision must seek an appointment with the Lecturer in charge, in an endeavour to resolve the matter satisfactorily and amicably. The Student shall be entitled to see and discuss the marked exam script or assessed work with the Lecturer concerned.*
- 10.12.2 *If, following the meeting with the assessor, the Student is still not happy with the outcome; he/she may wish to lodge a formal appeal against the assessment decision. For such purposes, the Student shall fill in the Assessment Appeals Form referenced to below and submit it to the Institute Director within 10 college days.*
- 10.12.3 *The appeals procedure is explained in full in the document referenced to below.*

10.13 Record of Work

- 10.13.1 *For all written coursework, it is the Student's responsibility to make and retain a copy of their work before submission. No claims shall be accepted or considered if the Student's copy of the written work is not made available in the event of a request arising for any reason whatsoever or for necessary verifications.*
- 10.13.2 *In those instances where practical work is to be submitted for assessment, Students shall keep an appropriate photographic record of the work they submit for assessment. No claims shall be accepted or considered if the Student's photographic records are not made available in the event of a request arising for any reason whatsoever or for necessary verifications.*

10.14 Students Work

- 10.14.1 *MCAST holds the right to physically keep and/or exhibit work produced by the Students for formal assessment such as any written work, drawings, graphic design products, engineering models, sculpture, maquettes, etc.) up to one year after the end of the course during which such material was produced. .*
- 10.14.2 *The College shall have discretionary powers to determine when one or more such materials may be physically returned to the Student.*

10.15 Internal Verification

- 10.15.1 *All coursework tasks and a sample of Student works shall be verified by the Internal Verifier (IV). The latter shall ensure that all established programme requirements and documentation are in place and in line with approved practice. Internal Verifiers shall also ensure that assessors shall be able to make sound professional judgements.*
- 10.15.2 *The Internal Verifier shall also ensure that the assessor's decisions are accurate, fair and consistent and the written feedback is supportive and encouraging further achievement and improvement.*

11 WORK BASED LEARNING

- 11.1 *The normal prerequisite for taking up a placement at work locally or abroad, say, in connection with a mobility action, is the completion of all modules related to that placement taken in the previous stages.*

12 PROGRESSION, CONTINUATION AND CERTIFICATION

12.1 Progression from Level 5 to Level 6

- 12.1.1 Past HND and HD Students who had concluded their studies will have the facility to undergo an Accreditation of Prior Learning (APL) exercise, to assess their suitability to proceed to a relevant Level 6 programme.
- 12.1.2 Students gain credits by passing set study units or modules in order to achieve the qualification.
- 12.1.3 Progression from Level 5 year 1 to Level 5 year 2, and from Level 5 to Level 6 shall be automatic for Students who have not failed in more than 2 units in a particular year and who will not be carrying more than 3 failed units in all. An exception to this shall be in cases where the institute has identified key units that are fundamental to a Student's progression, for which the Student cannot progress before successfully completing these units.

Students will have the opportunity to repeat the failed unit/s at the end of the third (or fourth) year of the programme or repeat a year. If the University College considers that the Student's performance is not satisfactory, the Student may be requested to repeat a year and attempt the failed Units with attendance. Students will also have the option of exiting and receiving certification for the completion of their Level 5 programme if they do not wish to continue into Level 6. Students completing Level 5 and exiting the degree programme shall be allowed to rejoin Level 6 at a later date, provided that the Level 6 programme still exists.

12.2 Certification

- 12.2.1 *The total mark for the programme is calculated by summing up all the marks obtained in (all) the respective Units.*

The final percentage mark achieved by the Student for the programme of study is worked out by calculating the overall average mark achieved in all the units of the programme of study.

For a Student to successfully complete the programme of study and hence be eligible for a qualification, s/he must achieve a minimum overall mark of 50% for each unit within the programme of study.

Candidates who successfully complete the full requirements of a programme of study will be awarded the level appropriate full MCAST certification.

- 12.2.2 *Candidates who fail to complete the full requirements of a programme of study shall be issued a transcript of their academic record.*

12.3 Classification of Degree Awards

Document Title	UNIVERSITY COLLEGE PROGRAMME REGULATIONS			Page 23 of 39	
Document Number	005	Document Revision	B	Date Issued	14/10/16

- 12.3.1 For the purpose of final classification the results of all three or four years of study contribute to the final classification on the programme.

12.4 Programme Duration

- 12.4.1 The time span for a student to complete a programme of study shall not exceed the following periods:
- Three-year Degree Programmes: five years from date of commencement to date of conclusion;
 - Four-year Degree Programmes: six years from date of commencement to date of conclusion;
 - Part-time accredited programmes: the overall duration of the programme of study can be extended by 3 months for every completed semester.

In the event that a student has suspended his studies and requests to resume, the student shall require a confirmation from the Office of the Registrar that there is an adequate correlation between units already achieved by the student and the remaining units that make up the programme.

If this mapping exercise does not show an adequate correlation, the Registrar may opt to guide the student through an APL process that will allow him/her to use the programme components obtained so far to enter, at a suitable level, into a new, comparable programme.

13 STUDENT SUPPORT SERVICES

13.1 Students with Disabilities, Medical Conditions and/or Learning Difficulties

- 13.1.1 *Access arrangements are coordinated by the Inclusive Education Unit (IEU) and Students are thus required to formally apply for such an entitlement. The application must be accompanied by all the required supporting evidence.*
- 13.1.2 *Failure to report known medical/psychological conditions or any related changes to the IEU is considered to be an act of negligence which may work against the Student himself/herself and may result in access arrangements and entitlements not being granted.*
- 13.1.3 *The Student, parent/s or guardian (if the Student is under 18 years of age) are additionally responsible for keeping the College informed of all medical/psychological conditions or any related changes and for providing the proper medical/psychological documentation updates, specifically stating the ability and/or inability of the Student to continue with his/her vocational training.*

13.2 Learning Resources

- 13.2.1 *The College encourages Students to make use of the Library and Learning Resource Centre (LLRC).*
- 13.2.2 *The rules and regulations pertaining to the LLRC are prescribed in the document referenced below.*

14 DISSERTATION GUIDELINES

14.1 Introduction

14.1.1 Undergraduate Students are expected to complete a dissertation as part of their final degree studies. Masters Students are expected to complete a dissertation in their final leg of studies. The recommended mode of grading a dissertation shall be through a viva session, where the indicative grading provided by the Student's supervisor will be taken into consideration.

14.1.2 Students will be required to follow the Research Ethics Policy and Procedure referenced to below when conducting their research. This procedure makes reference to the Institute Research Sub-Committee (IRC) that is responsible for approving the research project once a Research Proposal has been submitted to the IRC by the Student. Students shall not commence their research before they have approval in writing to proceed by the IRC. The IRC shall, in turn, seek ethics approval from the Research Ethics Committee before proceeding to give final approval to the Student. Students should be very cautious in attempting to change their research theme once they have submitted their Research Proposal to the IRC, as this will cause delays that may result in the Student failing the research module.

Reference Document:

Doc 074 : Research Ethics Policy and Procedure.

14.1.3 The Research Proposal, also called the 'Statement of Intent', is a vital initial part of the Student's research endeavor. Students will normally be requested to submit an Initial Research Proposal Form (refer to document referenced to below) within Level 5 that outlines plans for their early stages of research, and a Detailed Research Proposal prior to entering the final year of the Level 6 programme that may be a continuation of their earlier research. In both cases the Student shall seek separate IRC approval before commencing the research. The Research Proposal Form also includes summarized guidelines for ethical standards that are explained further in the Research Ethics Policy and Procedure.

Reference Documents:

Doc 074 : Research Ethics Policy and Procedure

Doc 164 : Initial Research Proposal Form (Statement of Intent)

14.1.4 Final Level 6 dissertation submissions shall, unless specified otherwise, follow the following schedule. The Student is to:

- Submit 2 spiral-bound copies of the dissertation to the Institute concerned by Friday of the first full week of June.
- Collect 1 corrected spiral-bound dissertation copy by the 15th of July from the Institute concerned during office hours.
- Submit 2 hard-bound copies and 1 PDF soft copy of the final corrected dissertation by the last Friday of September to the Institute concerned. One hard-copy of the dissertation will be kept in one of the MCAST Library and Learning Resource Centres, generally the one closest to the Institute Campus where it was generated, while the other hard copy will be kept by the Institute concerned.

Students that fail their dissertation shall be provided with the following options to remedy their situation, following a decision by the MCAST Degree Ratification Board. This will be one of the following:

1. In cases of a marginally incomplete submission, Students will be given an extension till the end of the second full week of November to resubmit their work. The research

Document Title	UNIVERSITY COLLEGE PROGRAMME REGULATIONS			Page 25 of 39
Document Number	005	Document Revision	B	Date Issued 14/10/16

theme is to remain unchanged. The maximum grade achievable shall be a Pass, or 59% (Grade D). Students will still have the facility to graduate with their existing class cohort. In cases of extenuating circumstances the Student's grade will not be capped at a Pass.

2. In cases of a significantly weak submission or no submission Students will be requested to repeat their research project entirely over an additional academic year. The Degree Ratification Board may request that the Student enters a new or revised research stream here. The maximum grade achievable shall be a Pass, or 59%. In cases of extenuating circumstances the Student's grade will not be capped at a Pass.

14.1.5 Undergraduate (Level 6) dissertations which are not accompanied by a tangible outcome in the form of a model, prototype or an actual product, shall normally be between 10,000 to 15,000 words in the main text that is excluding the abstract, the bibliography and the appendices. Masters dissertations shall be between 15,000 to 25,000 words in length. For Students carrying out their research within Level 5, this will follow similar structural expectations to Level 6 research, but with the following points of notice:

- a) A Level 5 research endeavor is considered to be a complete research project in itself, with the same ethical expectations, need for a Research Proposal, approval by the IRC, and such.
- b) Students should target doing research at Level 5 that is then enhanced and concluded at Level 6. For this aim the outcome of the Level 5 research dissertation is termed the 'Detailed Research Proposal' that follows similar structure to the final L6 dissertation but with lesser volume/content (an estimated 2/3rds in content is advocated). Level 5 research should be strongest in secondary research (ie. literature review) and in developing and piloting a successful research project. It is then the Level 6 research that will enhance the literature, the methodology, and focus predominantly on applying primary research and subsequently analyzing the outcomes of this research.
- c) Students may opt to change their research stream when progressing from Level 5 to level 6, but must be aware of the disadvantages that starting over again naturally brings about.

14.1.6 Students on programmes where a tangible outcome is expected as an integral part of the final major project, as in Art and Design, shall present a relevant 5,000 – 6,000 word dissertation. This number excludes the abstract, the bibliography and the appendices. The dissertation shall be of direct relevance to the product. This means that the designed product, model or prototype must be intelligently supported by a relevant argument. This writing will thus follow the same guidance offered above and must also include the Abstract, Introduction, Literature Review and other main chapters, as well as the Bibliography and the Appendices.

14.1.7 The Student is encouraged to:

- a) Seriously consider the advice of the supervisor/tutor at all times;
- b) Attend all tutorial sessions as these give an opportunity to ask questions and discuss issues with the dissertation supervisor/tutor;
- c) Read regularly and take note of all relevant information and instructions;
- d) Work out a timetable of dissertation activities and scheduled meetings with the dissertation tutor to ensure that the final objective of a good dissertation by the prescribed deadline is met;
- e) Become well familiar with library resources both in print and electronic format through visits to the library and use of the online library catalogue and library web pages.

14.2 Research Proposal

- 14.2.1 The Student is required to submit an Initial Research Proposal (Statement of Intent) on the appropriate template. When completing Level 5 the Student may be required to submit his early research in the form of a Detailed Research Proposal, to be continued through further research when in Level 6. At latest, the Detailed Research Proposal is to reach the IRC by the end of the third full week of September of the final year of the Level 6 programme.

Doc 164 : Initial Research Proposal Form (Statement of Intent)

14.3 Dissertation Meetings with the Supervisor and Dissertation Logbook

- 14.3.1 The Student is expected to keep a Dissertation Logbook (refer to document referred to below) of the work carried out towards the development of the dissertation and also a record of the meetings with the dissertation supervisor. As a general rule at least ten (10) Student-Supervisor meetings are expected over the research period.

The Student is to ensure that the Dissertation Logbook is correctly documented and maintained. The logbook is to be submitted together with the dissertation at the end of the dissertation period. Students are to request written supervisor feedback and signatures to each logbook input that they will make, relating to the various individual meetings that take place throughout the academic period. Supervisors will add their comments and feedback/direction to the descriptions and inputs made by the Student in each logbook entry. Students have to actively seek out their supervisor to ensure that this feedback/direction is regularly provided and the logbook adequately documented.

The Institute reserves the right not to accept the dissertation for evaluation if the logbook is not filled in correctly and each meeting duly signed off by the Student and Supervisor.

14.5 Guideline for Content of Main Sections

14.5.1 Abstract (400 – 500 words)

This section should clearly state what the study is about, summarizing how it was carried out and what the results were. References are not to be included in the abstract. It should present only the essentials of the work in general.

14.5.2 Introduction (500 – 1000 words)

In this section, the Student is expected to state clearly:

- a) the ‘problem’ or ‘question’ being researched;
- b) why this topic was chosen;

Document Title	UNIVERSITY COLLEGE PROGRAMME REGULATIONS			Page 29 of 39	
Document Number	005	Document Revision	B	Date Issued	14/10/16

- c) what motivated the Student to choose this topic;
- d) why did the Student investigate it the way you did;
- e) what problem did the Student wish to explore;
- f) what is the context for the research.

14.5.3 Literature Review (2,000 – 4,000 words)

The main purpose of a literature review is to show the reader that the Student studied and analyzed viewpoints of other researchers on the problem under consideration. A literature review is not just a summary of the books read but rather a thorough analysis of other viewpoints on the problem.

14.5.4 Research Methodology (1,500 – 3,000 words)

This section should make about 20% of a dissertation. It presents the chosen research methods and explains why these methods are effective.

14.5.5 Analysis of Results and Discussion (3,000 – 4,000 words)

This section includes critical discussion about the Student's findings and shows how these findings support the original objectives laid out for the dissertation, which may be partially or fully achieved, or even exceeded. The Student may also include new areas of investigation prompted by developments in the research dissertation. Above all, it is required to present strong arguments which show how findings may offer a valid contribution to the development of the subject of the selected research area or issues related to it.

14.5.6 Conclusions and Recommendations (1,000 – 3,000 words)

In this chapter, the Student has to evaluate the significance of the work done and give recommendations for any further investigations.

14.5.7 Bibliography

This section demonstrates what sources were used to conduct research. All sources presented in a bibliography list should be sorted alphabetically.

14.5.8 References

The Student is generally requested to use the following Harvard referencing style in the dissertation:

For books

Coleman, M (2002) *Women as head teachers: striking the balance*. Stoke on Trent: Trentham Books.

i.e., author (surname first, followed by a comma and initial of his name in capital letter) – date (in brackets) – title of book (in italics) – place of publication – publishing company.

For a chapter in an edited book

Brenner, M. (1985) "Survey Interviewing' In M. Brenner, J. Brown and D. Canter. (eds) *The Research Interview: Uses and Approaches*, New York: Academic Press.

i.e., author (surname first, followed by a comma and initial of his name in caps) – date (in brackets) – title of chapter (in single quotation marks) – name(s) of book editor/s followed by the abbreviation "ed" or "eds" (in brackets) – title of book (in italics) – location of publication – publishing company.

Document Title	UNIVERSITY COLLEGE PROGRAMME REGULATIONS			Page 30 of 39	
Document Number	005	Document Revision	B	Date Issued	14/10/16

For journal articles

Becker, H. (1984) "Fieldwork with Computers', *Qualitative Sociology* 7(12): 16-33.

i.e. author (surname first, followed by a comma and initial of his name in caps) – title of paper (in single quotes) – title of journal (in italics) – volume number – issue number (in brackets) – colon - page numbers.

For Internet references

Include the date when the page was last accessed because of the comparatively dynamic nature of internet resources. For example

Dowling, P.E. (2000) "A manifesto for design and the charismatic intellectual'. [Online]. Presented at Education and Social Democracies: Changing Forms and Sites. Institute of Education, University of London. 3-5 July 2000. Available at www.ioe.ac.uk/ccs/dowling/c2000. Last accessed 18 July 2000.

For References in the text

The Student is to place direct quotations over three lines long, in a separate paragraph indented left and right. Spacing between lines should be single.

The page number/s of the quotation should be given at the end of the quotation or after the date of the reference, for example, (Smith, 1976: 15) if it comes after a quotation, or Smith (1976: 15) if the reference just precedes the quotation.

In the body of the text, references are noted with the author's surname, followed by the date of publication in brackets, for example, Smith (1976). The "et al.' can be used when the number of authors is greater than two, however the full list of authors must be included in references at the end.

14.5.9 Appendices

Interview summaries, sample questionnaires, and references should be placed in this section.

For easier referencing, figures, tables, graphs, photos, diagrams, etc., should be inserted within the main text such as the literature review, the experimental process or procedure, the results and discussion chapters.

Appendices are usually used to present further details about the results. Appendices may be a compulsory part of a dissertation, but they are not treated as part of the dissertation for purposes of assessing the dissertation. So any material which is significant to judging the quality of the dissertation or of the project as a whole should be in the main body of the dissertation (main text), and not in appendices.

14.6 Timeframes for Dissertations

- 14.6.1 Scheduled dissertation tutorial sessions are expected to start immediately after the beginning of the academic year. These tutorial sessions are meant to facilitate the choice of your research topic and the drafting of your Statement of Intent. A minimum of 10 tutorial sessions is advised over the academic year.

14.7 Grading Criteria

- 14.7.1 Appendix 2 provides the expected dissertation grading criteria and a corresponding grading rubric for ease of reference.

Document Number	005	Document Revision	B	Date Issued	14/10/16

14.8 Hard Bound Presentation and Front Cover

- 14.8.1 Before final printing, Students must ensure that their final dissertation text includes any corrections that their dissertation tutor and/or the Institute academic staff would have indicated.

The printed pages should be numbered and hardbound in a **black cover**. The black cover is to have all script printed in gold lettering.

On the front top-part (middle position) of the cover the Student must write the TITLE of the dissertation in BLOCK LETTERS.

On the front lower-part (right-hand corner) of the cover the Student must write the following, not in block letters but using capital letters:

Student Name and Surname
 Programme Name
 Month, Year

On the spine of the cover, the following data shall appear positioned from left to right:

Programme Name
 STUDENT NAME AND SURNAME (*in block*)
 Year

As specified in Clause 14.1.4, two hard bound copies and 1 PDF soft copy of the dissertation must be submitted by the Student to the Institute. The Institute is to ensure that one copy of the dissertation will be kept in one of the MCAST Library and Learning Resource Centres, generally the one closest to the Institute Campus where it is generated, while the other hard copy will be kept by the Institute concerned.

15 INTERNSHIP FRAMEWORK

15.1 Undergraduate Internship Framework

- 15.1.1 Undergraduate Students following a full 3-year or 4-year degree programme will be expected to follow an internship scheme within their programme period. A minimum expectation is for each degree Student to follow a minimum of 200 hours of work placement activity within the internship. In general the internship component will relate to a credit value of 6 ECTS or more within the Student's programme of study. Various internship formats exist including the implementation of live cases as well as the more traditional work-based training. Students are expected to demonstrate maturity, discipline, high ethical standards, and respect within this internship period. Information accessible at the work-place is confidential and cannot be taken out of that workplace or used for ulterior purposes.

15.2 General Conditions Within the Internship Framework

- 15.2.1
- The internship is focused on educational purpose and there is no guarantee or expectation that the activity will result in employment with the Company.
 - The education received by the Intern from the internship is for the express benefit of the Intern.
 - The Intern will not replace or displace any employee of the Company.
