

MCAST

Malta College of Arts, Science & Technology

MQF Level 6

CS6-03-18
CS6-03-18G

**MCAST Bachelor of Arts (Honours) in Inclusive
Education**

Course Specification

Course Description

This course is designed to offer training to students in skills and competences, that are required when providing support in classrooms. The focus of the course is to look at the educational environment and to understand how class rooms can become more inclusive.

Students shall be supported to develop a critical approach that will enable them to analyse what barriers need to be overcome in order to provide all students with quality education. This course has a strong practical component of classroom placements which encourages practical methods, aimed at developing a mindset of promoting inclusive communities that celebrate diversity and cater for the diverse needs of different group of students.

Programme Learning Outcomes

At the end of the programme the learner will be able to:

- 1. Understand diverse educational needs to address the realistic experiences of different individuals.*
- 2. Investigate different challenges in providing inclusive educational support for individual needs.*
- 3. Apply and implement an inclusive approach based on sociological, philosophical and psychological understanding of an inclusive educational environment*
- 4. Be confident in using research tools and effective writing techniques that can be specifically applied in the inclusive education domain.*
