

NOTES ON PROCEDURE:

This Standard Operating Procedure (SOP) provides guidance to academics who seek to apply for externally funded research, primarily through EU funded schemes such as H2020, Microwatts, Interreg and Erasmus, as well as the local funds such as Fusion. The SOP covers 3 stages within a project's lifespan: the pre-bid/pre-award stage; the post-bid/post-award initial setup stage; and the project implementation phase. It defines roles, responsibilities and required actions, both for the originator of the research as well as the supporting actors to the research.
